## HOBART, TASMANIA

Hobart is humming – it's Tasmania's lively capital that retains an old town salty-air feel. This slower pace, once the chuckle of Australian city counterparts, has now become an endearing drawcard. Boutique hotels are filled to the brim and visitors are flocking to this harbour-side city in numbers not seen. What's all the fuss? It's probably because you can have early morning sand between your toes, wander city streets, head to a mountain summit and be back in time for cocktails on the waterfront. This compact capital is a liveable city. A vibrant city. A place where people still say hello – their relaxed pace now on trend in a busy world.
